AVID LANDSCAPE MANAGEMENT LLC

LET'S WORK TOGETHER!

Avid Landscape Management develops and manages high-quality, sustainable landscapes through thriving relationships with our clients and employees. Avid focuses on the specific needs of your landscape including soils, plant material, water, and life-cycle stage to build a comprehensive, long-term management plan that keeps you looking your best while also helping manage risk and liability.

We choose to work with clients who share our belief that landscapes are an essential part of their goals. Working as a team in an environment of trust and communication allows us to provide exceptional service and communication. This in turn helps us attract, develop and retain the best talent in the industry, further ensuring our mutual success.

Trusting your property to us is a sound decision that will enhance your image and the value of your landscape asset.

WHO WE ARE

Local – **Our local owners and leadership team are personally engaged in the business every day and have more than 100 years of combined landscape experience.**

Accountable – **Our experience allows us to get out ahead of many common landscape problems.** We leverage sophisticated, landscape service-specific software to ensure that our commitments to you are honored. In the event that we miss a step, we will answer the phone or email quickly and work with you to resolve any issues.

Committed – **We are committed to the industry and to our long-term vision for our company.** You will become a part of that vision by collaborating with us on your project, giving us constructive feedback, and excellent referrals for our work.
We want you to be an enthusiastic client!

Professional – **We love what we do and believe one of the best ways to support our clients and employees is through training, continuing education, and certification.** Amongst our team we hold several horticulture degrees and many green industry certifications including;

- EcoPRO Certified Sustainable Landscape Professional
- Landscape Industry Certified Business Manager and Exterior Technician
- International Society of Arboriculture Certified Arborist
